

How long is a piece of string?

Bear Cottage Family Support Programme

At Bear Cottage we provide respite, palliative, end of life, and bereavement care for children with life limiting illnesses and their families.

Our unique program is designed to support and meet the particular needs of siblings and their families. Our aim is to ensure that Bear Cottage families have opportunities to live well.

Our family support team includes Nurses, Social Workers, Child Life Therapists, Art and Music Therapists, and our Public Relations and Volunteer Coordinators.
