Mr. Andrew McKinnon

Chairman

Gold Coast World Surfing Reserve

21 Elizabeth Street

Currumbin QLD 4223

Dear Andrew,

On behalf of Currumbin Stand Up Paddle Club Inc. and its members I would like to put our whole-hearted support behind this fantastic initiative in seeking to have the coastline stretching from Snapper Rocks to Burleigh Heads elevated to a World Surfing Reserve.

The club and its members use this area daily for training and recreation as well as regular events and want to this iconic and pristine area preserved for all ocean users and future generations to enjoy.

The club understands that by supporting this proposal it will not adversely impact any of its activities and have a positive effect for the southern Gold Coast region.

Kind Regards,

Sean Bicknell

President

Currumbin SUP Club Inc.
