Dear Andrew,

I write to congratulate you and your committee on your endeavours to have the Southern Gold Coast formally recognised as a World Surfing Reserve.

As you know I was born and bred on the Gold Coast and have a lifetime of knowledge and experience of its surfing environments . Only a few months ago , CSIRO Publishing released my book “The Gold Coast Transformed”. I included comments made by you in the book as I certainly was impressed with your initiate.

Please let those who you meet with know that I give my unreserved support to your proposal.

Kind Regards (Professor Emeritus) Tor Hundloe AM
